

The M68000 Family

The M68000 Family continues to be the industry standard in the 32-bit embedded applications. The M68000 Family is currently in use in thousands of applications including handheld computing, telecommunications, office automation, network controllers, and consumer products.

The M68000 Family offers a range of upward code compatible performance unequalled in the industry - from 2 to 100 MIPS. The M68000 Family boasts the industry's largest array of third-party development tools.

The M68000 Family consists of the following products:

	User's Manual	Presentation	Product Brief	Tools	White Paper
• General 0X0	*X	X		X	
• MC68000	X		X		
• MC68020	X				
• MC68030	X				
• MC68040	X				
• MC68040V			X		
• MC68060	X		X		

* M68000 PRM
